Dear Mr Puxon

**TOWN AND COUNTRY PLANNING ACT 1990**  
**PLOT 27, BEAUTY DRIVE, DALE FARM, GRAYS HILL, BILLERICA**

I refer to your letter of 8 July 2009 and respond accordingly.

I can confirm that the appeal lodged by Mrs K McCarthy under reference APP/V1605/C/05/2000855 against an Enforcement Notice alleging without planning permission, the unauthorised change in the use of the land for the stationing of residentially used caravans, remains in abeyance.

The Council's understanding of the situation is that the appeal will remain in abeyance until such time as Mr & Mrs McCarthy's next-of-kin resolves to deal with legal issues resulting from Mr & Mrs McCarthy's death in testate.

The requirements of the Notice cannot be enforced whilst it remains in abeyance. This does not, however, preclude the Council from taking action to remove the hardstanding from beneath the caravans in accordance with the requirements set out in the Enforcement Notice issued on 18 September 2003.

You are therefore advised to recommend to your client, Nora Sheridan, that she makes the necessary arrangements to enable her to comply with the requirements of the extant Notice.

Yours sincerely

Manager of Planning Services
